Dear Member:

Thank you for your membership with MVP Health Care. We want to make sure you are getting the best health care possible. One way we do this is by getting to know you and helping you meet your unique health care needs.

Please help us with your health care by answering the following survey. There are no right or wrong answers. If you are not able to complete this survey by yourself, please have a family member or caregiver assist you.

The information you provide will remain confidential and will in no way affect your health benefits or your enrollment with MVP. Please return the survey in the enclosed self-addressed, postage-paid envelope.

When we receive your completed survey, an MVP case manager will work closely with members who are identified as having specific health care needs. The case manager is a highly trained nurse clinician who is committed to working with our Members to guide them through today’s health care system. The case manager works closely with your primary care doctor to coordinate your care. Your primary care doctor always is directing your treatment, while the case manager provides additional support to both you and your doctor.

If you have any questions about the survey, please call the MVP Medicare Customer Care Center at 1–800-665-7924. Representatives are available to serve you Monday-Friday, 8:00 am – 8:00 pm and Saturday, 8:00 am – 4:00 pm. From October 1 - February 14, representatives are available from 8:00 am – 8:00 pm, 7 days a week. For TTY/TDD access, call 1-800-662-1220.

Sincerely,

John M Palmerini
