

## In-Office Procedure List Update

The In-Office Procedure List is comprised of procedures that are limited to the physician's office place of service (POS). Any planned procedures on this list performed outside of the physician office at POS 22 or 24 will be denied unless prior authorized. All lines of business require prior authorization for site of service.

Effective July 1, 2015, MVP will be changing how we deny these procedures. Participating providers are required to comply with MVP's protocols according to their participating provider agreements and a review of procedures on this In-Office Procedure List and enforcement of this POS policy is part of MVP's protocols. Since this is a POS review, there are no appeal rights.

Please refer to the Place of Service Payment Policy, Split Billing Payment Policy in Section 15, Payment Policies, of the Provider Resource Manual for details on billing correct place of service.

The In-Office Procedure List and the Provider Resource Manual can be accessed at [www.mvphealthcare.com](http://www.mvphealthcare.com). Select *Providers* and log in using you MVP username and password. Click on the gray box to access your profile and then select *Online Resources* on the left hand side of the screen.

### CVS/caremark Reminder

Effective January 1, 2015, CVS/caremark became MVP's Pharmacy Benefit Manager (PBM) for retail, mail, and specialty prescriptions.

What does this mean for the providers and members?

- MVP members can have prescriptions filled at any pharmacy that is participating with CVS/caremark nationwide. This network is not limited to CVS/pharmacy locations.
- MVP members wishing to obtain prescriptions via mail order will use the CVS Caremark Mail Service Pharmacy.
- In addition all specialty medications should be obtained from the CVS Caremark Specialty Pharmacy (1-866-444-5883). Medicare and Medicaid members also have the option of obtaining their specialty medications from a contracted specialty pharmacy.
