

UB-92 to UB-04 Paper Claim Form changes

MVP Health Care has developed this guide to help orient you to the key data fields that are changing on the new UB-04 Paper Claim Form that will be required by MVP Health Care beginning 5/23/07. The following example illustrates the changes between the UB-92 claim form and the MVP Health Care data requirements on the new UB-04 paper claim form.

UB-04 form

The UB-04 form is shown with several fields highlighted in pink (Data Entry Field Moved) and yellow (Important Data Entry Procedure Change). Arrows point from the UB-92 form to these fields. Key changes include:

- Field 8a (Patient ID) moved from the top left to the bottom right.
- Field 29 (Accident State) moved from the top left to the bottom right.
- Fields 39-41 (Value Codes & Amounts) are new fields in the middle section.
- Field 56 (NPI) is a new field in the bottom right.
- Field 57 (Preferred Care Provider ID) is a new field in the bottom right.
- Field 60 (Subscriber/Insured's ID) is a new field in the bottom right.
- Field 64 (Original Preferred Care Claim Number) is a new field in the bottom right.
- Field 71 (DRG Code) is a new field in the bottom right.
- Fields 81a-d (Taxonomy Code and/or Overflow Codes) are new fields in the bottom right.
