MVP Harmonious Health Care Plan

Effective July 1, 2016, MVP Health Care® will offer the MVP Harmonious Health Care Plan, a health benefit plan offered through the New York State Health and Recovery Plan program (HARP). This new plan will be available to existing Medicaid Managed Care members aged 21 and over with serious mental illness and/or substance abuse disorders as identified by New York State.

The Harmonious Health Care Plan (Plan Type “MVPH”) will provide traditional Medicaid benefits through MVP’s participating provider network, as well as a broad range of Home and Community-Based Services (HCBS) through MVP’s behavioral health vendor, Beacon Health Options. All eligible plan members will receive new ID cards from MVP. A sample ID card is below:
